Part 2 - Chess Limited Code of Practice for Premium Rate Services and NTS Calls***Purpose of this Code of Practice***

This code informs you about our policies on providing information about Premium Rate Service (PRS) calls and on our charging policy for calls to NTS and PRS numbers.

Premium rate services

Premium rate services (PRS) are telephone numbers that offer some form of information or entertainment that is charged to your phone bill. UK-based PRS numbers are normally prefixed by "09". 0871 is now also designated as a

Premium rate number and subject to PRS regulation. Typical services include TV vote lines, mobile ringtone downloads, technical helplines, charity fund-raising and adult entertainment.

Charges for these services are added to your telephone bill. Calling a PRS number generally costs between 8.51 pence and £3 per minute, or £5 per call or per text (excl. vat). Calling these services from, for example, mobile phones, cable networks or public payphones will generally cost more than the advertised rate. Our access charges for calling these services are shown in our price list, which is available on request from our Customer Services Team and via our website.

If you have a problem with PRS, we can help. We can provide advice on checking the telephone number of any PRS charges that appear on your bill and will try to help you identify the premium rate service provider. We can use call barring to restrict access to "09" numbers. Please call our Customer Service Team on 0844 770 6060 for advice on this. We can give you a factsheet on PRS.

You can also ask for help from PhonepayPlus which is the industry-funded regulatory body for Premium Rate Services. PhonepayPlus operates a code of practice that sets out standards for the operation of PRS. You can use the PhonepayPlus website at www.phonepayplus.org.uk to check PRS numbers direct or to submit a complaint. PhonepayPlus has legal powers to require a provider of PRS to amend its service or promotional material (or both) and can also impose penalties on content service providers. For other ways to contact PhonepayPlus, see the "Useful addresses" section below.

Number translation services

Number translation services (NTS) are based on numbers that are normally pre-fixed "08". For example, 0800 and 0808 are used to provide Freephone services (some Freephone services are also provided on 0500 numbers). 0844 and 0845 numbers are normally used for customer service helplines. 0870 numbers are used for information services, technical helplines and telephone banking. They are also used by organisations to help them provide call-management features such as intelligent call routing and fax-to-email services.

Charges for calling services on NTS numbers are added to your telephone bill and standard prices range from free up to 4.2p per minute or per call (excl. vat). Calling these services from, for example, mobile phones, cable networks or public payphones will generally cost more than the advertised rate but communications providers must publish prices for calls to 0870 numbers where these are higher than for calls to geographic numbers. Our access charges for calling these services are shown in our price list, which is available on request from our Customer Services Team and via our website. We can also give you a factsheet on NTS.

If you are unhappy with the help you have received from us on a problem with PRS or NTS, please contact our Compliance Manager Dawn Harrison (tel: 0844 770 6000 or email: dawnharrison@chesstelecom.com), who has responsibility for compliance with our code of practice for PRS and NTS. You may also complain using the complaints procedure set out in our complaints code including, ultimately, referring your complaint to CISAS.

The Telephone Preference Service

If you don't want to get sales and marketing calls you have not requested, you can add your details to a list run by the Telephone Preference Service (TPS). If your number is on the list, it is illegal for a company to call you for marketing purposes. You can contact the Telephone Preference Service via www.tpsonline.org.uk or by telephoning 0845 070 0707.
